EXPERIENCE

Swiss Orange - Project & Business Analyst - Revenue Operations & Systems | Pristina, Kosovo Jul - Oct 2026

- Architected business requirements discovery and process mapping for enterprise Salesforce Revenue Cloud implementations, optimizing quote-to-cash (Q2C) workflows and eliminating deliverable friction.
- Managed sprint tracking, backlogs, and milestone documentation across Jira and Confluence, ensuring 100% on-time execution for cross-functional project deliverables.
- Engineered centralized Confluence knowledge repositories derived from sales, billing, and technical analysis, resolving workflow bottlenecks to accelerate deployment timelines.

American Councils - Global Program & Operations Coordinator | Washington D.C., USA Jun - Sep 2025

- Selected as 1 of 4 global representatives to co-lead state-sponsored strategic orientation initiatives for 500+ top-tier international scholars across 35 nations, partnering directly with U.S. Department of State officials across 100+ program hours.
- Orchestrated 100% on-time arrival/departure operations across 4 high-density cohorts while facilitating 15+ leadership workshops, maintaining a 100% policy compliance record across 3 organizational tiers.

Royal York Property Management - Global Talent Operations & Recruitment Specialist | Toronto, CAN Jun - Oct 2024

- Spearheaded talent acquisition operations across 50+ global locations (40+ Canadian, 11 European), evaluating 100+ weekly applicants across 8+ specialized departments to fulfill high-volume staffing demands.
- Orchestrated 300+ strategic touchpoints weekly via LinkedIn Recruiter, building multi-time-zone pipelines and executing full-lifecycle hiring across executive, technical, and revenue-generating verticals.
- Standardized multi-tier evaluation frameworks and ATS protocols, benchmarking technical and cross-cultural standards to achieve 100% data integrity and accelerate average time-to-shortlist.

Alexander Chapman - Financial Recruiter | London, UK Apr - Jul 2023

- Directed headhunting operations and end-to-end recruitment pipelines for tier-1 hedge fund and investment banking accounts across Quantitative Research, Risk Management, and Algorithmic Trading sectors.
- Achieved a 90% placement match rate by designing comprehensive candidate profiling models and prequalifying passive financial professionals on advanced quantitative capabilities to shorten client time-to-hire.
- Systematized high-integrity database protocols in Microdec CRM across 300+ daily candidate touchpoints, sustaining 99%+ data accuracy and optimizing market mapping reports for global financial institutions.

Marketing & Operations Manager - Alpine Fleet | Ferizaj, Kosovo Aug 2022 - Feb 2023

- Co-managed cross-border fleet logistics and dispatch operations across high-density European transit corridors (Geneva Airport to Alpine routes), auditing cost metrics and schedules to streamline turnaround times for a team of 10+ field employees.
- Architected user journey prototypes and booking flows in Figma, driving digital checkout optimizations that increased online conversion rates while aligning multi-channel digital marketing initiatives with real-time demand.
